

Safety Alliance of Tampa Bay

Safety Alliance Introduces New Dues Structure

The Safety Alliance of Tampa Bay (SATB) consists of residential builders and trade partners committed to industry change by consolidating goals and best practices in order to achieve improved safety compliance on job sites and in communities. Members are offered a wide variety of courses designed to help improve their safety programs and prevent work place accidents and thereby help reduce the cost of their workers' compensation insurance.

Recently the SATB decided to reduce its annual fees to \$400 for associate members. Annual dues for builder members will remain \$600. Members of the SATB receive complimentary tuition to every safety training course for all employees, t-shirts, hard hat decals, construction site signage and more!

For more information on the SATB please contact Krista at (813) 873-1000, ext. 419.
